## 🎓 EDUCATION

### Master of Business Administration (MBA)

2021 – 2023

### Bachelor of Science (BSc)

2018 – 2021

## 🧠 SKILLS

Programming Languages : Java & JavaScript

Web Technologies : HTML, CSS, JavaScript

Database : MySQL

## 📖 COURSES

### Java FullStack Developer, Thops Tech

2023

## 🌐 LANGUAGES

Hindi

English

Telugu

Kannada

## 🔑 INTERESTS

Cooking, Traveling, Bike riding

## 👤 PROFILE

I have a strong passion for technology and am actively developing my skills to become a proficient Java Full Stack developer. I am well-versed in core Java, front-end technologies such as HTML, CSS, and JavaScript, and front-end frameworks like ReactJS. Additionally, I have strong knowledge of back-end technologies like Spring Boot and MySQL databases. I'm excited to apply these skills to real-world projects and contribute to the innovation and success of dynamic tech teams.

## 📁 PROJECTS

### E-commerce Website, Frontend Developer

- Developed a responsive e-commerce website using React JS, allowing users to browse products, add them to the cart, and proceed to checkout.
- Implemented a shopping cart feature, allowing users to add, remove, and update products, enhancing user experience.
- Created product listings with images, descriptions, and pricing, employing best practices in responsive design.

### Student Management System & Library Management System, Backend Developer

- Developed a robust Student Management System using Java, Spring Boot, H2 database, and JPA, enabling efficient CRUD operations for student data.
- Implemented RESTful API endpoints to handle GET (all and by ID), POST, PUT, and DELETE requests, providing a user-friendly interface.
- Leveraged H2 in-memory database for lightweight data storage and utilized JPA to seamlessly integrate Java objects and database entities.
